- 9.1 The number of visitors entering the Yukon by land from January to April 2008 was 21,896 compared to 23,429 for the same time period in 2007. This represents a decrease of 1,533 travellers, or 6.5%.

Comparing April 2008 with April 2007, the following changes occurred:

- The total number of travellers decreased by 1,680, or 18.4%.
- Yukon resident travellers increased by 85, or 3.5%.
- Other Canadian travellers decreased by 350, or 54.7%.
- U.S. travellers decreased by 1,372, or 23.2%.
- Other foreign travellers decreased by 43, or 29.7%.

- 9.2 Comparing July 2007 with July 2006, the number of aircraft movements in Yukon communities has changed as follows:

- The number of aircraft flying in and out of Whitehorse increased by 270, or 8.8%.
- In Dawson City, travel by aircraft increased by 109 flights, or 8.9%.
- In Mayo, travel by aircraft increased by 178 flights, or 16.5%.
- In Watson Lake, travel by aircraft decreased by 248 flights, or 25.6%.
- In Old Crow, travel by aircraft increased by 11 flights, or 7.0%.

Footnotes

1. Population

- 1.2 'Other' includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.
1.4 Migration estimates are based on both international migrants into and out of the Yukon as well as interprovincial movement according to the Child Tax Benefit files (Canada Revenue Agency).

2. Employment

- 2.1 All Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.
2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals.
2.3 Territorial general government employment includes employees of all Yukon Government departments, as well as employees of the Yukon Workers' Compensation Health & Safety Board, etc.
2.3 Territorial Health & Social Services includes employees at Whitehorse General Hospital, Alexander MacDonald Lodge, Children's Receiving Home and Assessment, Detoxification Centre, group homes, Norman D. Macaulay Lodge, Northern Network of Services, Copper Ridge Place and the Thomson Centre. Yukon Liquor Corp. and Yukon Development Corp./Yukon Energy Corp. are considered to be business enterprises and therefore employment figures are not included.
2.4 Yukon figures are for all employees, including overtime. Unclassified employees are excluded. As of June 2001, NAICS (North American Industrial Classification System) is used in lieu of the previous SIC (Standard Industrial Classification). Other NAICS categories are available by contacting Yukon Bureau of Statistics.
2.5 Yukon total includes some communities not listed. Claimants whose applications are pending are included.
2.6 The number of beneficiaries receiving total income benefits includes other types of benefits than those displayed, but excludes employment insurance claimants receiving employment and support measures benefits.

3. Consumer Prices

- 3.1 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities. As of the May 2007 CPI release, the weights of various items in the basket of goods and services used to calculate the index have been updated from 2001 to 2005. In addition, the CPI base year (the period for which the value 100 is assigned to the index) has changed from 1992 to 2002. Therefore, data from this and future publications should not be compared with previously released data.

4. Rental Units

- 4.1 & 4.2 The Yukon Rental Survey covers all buildings with four or more units. Rentals with less than four units (such as houses, suites and duplexes) are excluded from the survey.
4.1 & 4.2 Due to non-response of a landlord in Hillcrest for September and December 2007 and March 2008, the figures for Hillcrest 2-bedroom apartments are not a complete representation of all Hillcrest 2-bedroom apartments.

5. Real Estate

- 5.1 & 5.2 Rounded data may not sum to totals.

6. Construction

- 6.1 Rounded data may not sum to totals. Permits issued in the communities are totalled on a calendar month.
6.3 Special permits or permits for demolitions may have dollar values of zero. Whitehorse permits are reported for a thirty-day period from the sixteenth of one month to the fifteenth of the following month for which the totals are reported.

7. Resources

- 7.1 Canadian prices are based on the conversion of US prices using the 'noon' exchange rate at month-end by Bank of Canada. Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.
7.4 'Total' includes other types of refined petroleum product sales. Domestic sales are by reporting companies, are exclusive of exports and sales to other reporting companies, and are adjusted for exports and imports by non-reporting companies.
7.4 'Aviation gasoline' includes all gasoline-type fuels for piston-type aircraft engines.

8. Trade

- 8.1 Retail estimates are normally revised every year. With the release of the April 2007 estimates, the unadjusted series have been revised back to January 2005.
8.4 Bank rate figures are from the last Wednesday of the month.
8.5 & 8.6 The Monthly Survey of Food Services and Drinking Places replaces the Monthly Restaurants, Caterers and Taverns Survey. In addition to including the extended use of administrative data and the reallocation and re-stratification of the sample, the survey now covers a target population which has been redefined to include non-employer establishments.

9. Transportation

- 9.1 Not included in this table are travellers entering the Yukon from another province or territory, persons entering the Yukon by air, and persons entering the Yukon by water. Conversely, totals include Fraser BC border crossing even though there is the possibility that these persons may never physically enter the Yukon.
